

Software License Agreement (Terms and Conditions)

1. Definition

- 1.1 **"Agreement"** refers to this agreement, including all annexes and any written modifications made in accordance with the terms contained herein and in such annexes.
- 1.2 **"Customer"** refers to the individual and/or healthcare institution that enters into a contract with AnImage Technology (Beijing) Co., Ltd. for the use of this software for research and/or clinical purposes under this Agreement, that is, the individual or organization that downloads, registers, logs in, or uses the software service in the Siemens Healthineers Digital Ecosystem.
- 1.3 **"Software"** means the software that you download through the Siemens Healthineers Digital Ecosystem for user registration, user login and use of related services.
- 1.4 **"Services"** are data analysis materials or information that we provide to users based on [CereFlow] that they need or are interested in.

2. Trial Operation Period and Contract Signing

- 2.1 The customer may trial the Software within the Siemens Digital Ecosystem, and the trial period shall commence from the date of activation for thirty (30) calendar days. Upon the conclusion of the software trial operation, the customer is requested to contact AnImage Technology (Beijing) Co., Ltd. to enter into a formal contract.
- 2.2 When there is an updated version of the Software, AnImage Technology (Beijing) Co., Ltd. shall notify the customer. The customer is obliged to download and install the new version within thirty (30) days. The customer shall not have the right to demand specific updates.

3. Use Rights

During the trial period and the operational period after the formal contract is signed, the customer has the following rights:

- 3.1 Within the scope of their business, the customer is entitled to use the Software and to utilize all the functions that the Software possesses.
- 3.2 To be entitled to the use rights of each upgraded version of the Software.
- 3.3 To receive comprehensive technical support from AnImage Technology (Beijing) Co., Ltd. The customer has the right to raise any inquiries or issues that arise during the installation and use of the Software to AnImage Technology and to request solutions or answers."

4. Use Restrictions

- 4.1 During the trial and formal use periods, the customer's right to use this software is limited to reproducing the functions inherent to the software itself.
- 4.2 The customer shall not have the right to modify or adjust the software without authorization, nor shall they have the right to perform reverse engineering, decompilation, or disassembly on the software, nor shall they have the right to develop secondary software based on it, derive new software, or allow third parties to perform the same actions.
- 4.3 Without the prior written consent of AnImage Technology (Beijing) Co., Ltd., the customer shall not have the right to copy the software or related documentations.

4.4 The customer shall not remove any trademarks, copyright notices, or any other identification marks related to the software.

4.5 To protect the software from cyber threats, the customer is obliged to implement and continuously maintain a secure environment for their IT infrastructure.

4.6 Without the written consent of AnImage Technology, the customer shall not transfer any rights and/or obligations under this agreement to any third party; shall not have the right to transfer or re-authorize to any other person; and shall not have the right to sell, resell, distribute, rent, or lease to a third party.

4.7 During the use of the services provided by the software, the customer must comply with the provisions of laws, regulations, regulatory documents, and policy requirements, adhere to all network protocols, regulations, and procedures related to the software and network services, **and must not use the software to engage in the following actions:**

- 1) Release, transmission, dissemination, storage of content that violates national laws, endangers the unity of national security, social stability, public order and morality, social morality, as well as insult, defamation, obscenity, violence;
- 2) Release, transmission, dissemination, storage of content that infringes on the legal rights of others such as reputation, portrait rights, intellectual property rights, trade secrets, etc.;
- 3) Misrepresenting facts or concealing the truth in order to mislead or deceive others;
- 4) Publication, transmission and dissemination of advertising information and spam;
- 5) Using the software to transmit and publish any content (information) that violates national laws and regulations and policies, information that involves state secrets and/or security, information that hinders the security of Internet operation;
- 6) Information that violates the legitimate rights and interests of others and/or other information or content that is detrimental to social order, social security, public morality, any harassing, libelous, abusive, threatening, vulgar and obscene or any other illegal information materials, etc., and shall not provide any facilities for others to carry out the above acts;
- 7) Interfere with the normal operation of the software online service system by any technical means or otherwise, or interfere with the use of the software service by other users;
- 8) Collect by any means the user name, e-mail and other related information of other users of the Software Service and interfere with and harass other users by sending spam, chain emails, spam messages, instant messages, etc.;
- 9) Engage in other behaviors that violate laws, regulations, policies and public order and morals, social morality, etc. or that adversely affect the normal operation of the Internet.

5. Usage Precautions

5.1 Hardware Requirements: Use a 1.5T or 3.0T magnetic resonance scanner with the built-in head coil.

5.2 Scanning Sequence: Multi-delay-pCASL, T2-FLAIR (recommended).

5.3 Scanning Parameters:

Sequence	Slice Thickness	Spacing Between Slices	Resolution
Multi-delay-pCASL	<3.0mm	Equal to Slice Thickness	<3.0mm
T2-FLAIR	<2.0mm	Equal to Slice Thickness	<2.0mm

5.4 Positioning: Ensure the entire brain is scanned, including the completeness of the parietal lobe and cerebellum.

6. Declaration of intellectual property rights

6.1 The copyright, trademark right, patent right, trade secret and other intellectual property rights of any technical data, software, software, trademark, design, typography, text, pictures, graphics, audio, video, relevant data and other contents, functions and services provided by the Software in the Service are protected by the laws and regulations of the People's Republic of China and the corresponding international treaties. The owner of the Software is entitled to the aforementioned intellectual property rights in accordance with the law.

6.2 Customs may not implement, exploit, or transfer the above intellectual property rights to any third party for any commercial or non-commercial purpose without the written consent of the rights holder of the Software.

7. Confidentiality

Both parties shall keep confidential the existence and content of this Agreement as well as all information obtained from their cooperative relationship.

8. Risk and Disclaimer

8.1 When the customer uses the services provided by the Software, **they must assume the following risks that are beyond the control of the Software, including but not limited to:**

- 1) The risk of information loss and leakage that may be caused by irresistible factors such as damage by computer viruses, Trojan horses or other malicious programs, hacker attacks, etc.;
- 2) Failure of the user's computer software, systems, hardware and communication lines;
- 3) Improper operation by the user;
- 4) The risks and responsibilities that may arise from the dissemination of content posted by users that is forwarded and shared by others, and therefore, etc;
- 5) Other circumstances beyond the control of or reasonably foreseeable by the Software.

8.2 The Software shall not be held responsible for any inability of the customer to use the software or services, or any impact on the services, due to the following reasons, including but not limited to:

- 1) This software system is down for maintenance period.
- 2) Telecommunications equipment that fails to perform data transmission.
- 3) Service interruptions or delays due to hacking, technical adjustments or failures of network providers, software upgrades, problems with banks, etc.
- 4) If the system is unable to execute the business due to force majeure factors such as typhoon, earthquake, tsunami, flood, power outage, war, terrorist attack, infectious disease, etc.

9. Legal Liability

The customer understands and agrees that:

9.1 The Software has the right to take appropriate action against any person who violates relevant laws and regulations or the provisions of this Agreement, based on a reasonable

judgment. This includes taking legal action against such individuals and preserving and providing relevant information to the relevant authorities in accordance with the relevant agreements and laws and regulations. The customer shall bear all legal responsibilities arising from any illegal or contractual breaches.

9.2 The customer shall be solely responsible for any claims, demands, or losses made by third parties that result from or arise out of the customer's violation of this Agreement or other related agreements. If the Software incurs any direct or indirect losses as a result, the customer shall also compensate for such losses.

10. Disputes

10.1 The execution, modification, interpretation, and disputes arising from this Agreement shall be governed by the laws of the People's Republic of China.

10.2 Any disputes arising from the conclusion, effectiveness, interpretation, performance, modification, and assumption of legal liabilities related to this Agreement shall be resolved through negotiation between the parties. If the negotiations fail, either party may submit to the People's Court of the location where this Agreement is signed for litigation.
